COMMERCIAL NEWS.

DURING a week given over in great part to merrymaking and prepara-
tions for the holiday, there were no features in the stock market which
make the record of intense interest. The total shares sold was very
small and the stocks did not keep the range limited. Altogether weakness
may be reported all along the line and the bottom, while not touched, is
all the nearer.

Perhaps the most notable decline was that in Hawaiian Sugar, where the
stock went down to \$22, as against \$23.25 for Makawell at San Francisco.
This showed the inside was forecast at San Francisco first, for there the
price has been declining steadily, the rate being \$24 there while it was three
points higher here. There was felt in this market a strong belief that there
would be paid a dividend on this stock very early. However, the informa-
tion that the dividend would be passed seems to have gotten out in San Fran-
cisco first, for the rumor here is that the time for payment of profit on that
stock will be out of the next crop and not from this. However, there are
being made such extensive improvements that the plantation will be one of
the most valuable in appointments that there is.

The Olua price was marked down, by a sale yesterday of 100 shares, to
\$2. This means just half the value of the plantation represented in the price
of stock as shown in the sales. The sale of this stock does not mean that
all the reports are just as good as before. Olua is a little weaker, though
there has not been a new quotation made for the shares. Kahuku is still at
\$24 asked, but there is a rumor current that the crop will be a little short
this campaign. The story is to the effect that there are some fields where
the cane is off its real value, and will not be cut, but allowed to go to the
next campaign, furnishing an opportunity for an early opening. This will
mean only the transfer of the sugar from the present year to the next.

During the week there was recorded a sale of Wailuku, the price being
\$300. The last previous sale of this stock occurred several months ago and
the price then was \$370. Hawaiian Electric is now at \$95, and strong, owing
to the presence of some good orders for it. The plant of the company is a
good one and makes an impression. The fact of the completeness of the plant
makes it a show place and gives confidence in the stock. There is nothing doing
in bonds other than those of the Oahu R. R., which are selling at the
same old price, \$104.50.

The week's sales were: Five Wailuku, \$60; 8 Olua paid, \$10.50; 25 Hawa-
lian Sugar, \$22; 100 Olua assessable, \$2; 25 Wailuku, \$300; \$1100 O. R. & L.
Company bonds, \$104.50.

REAL ESTATE.

Again inquiry is the rule in the real estate market, there having been
during the week only one other feature, the filing of the McChesney suit
against George Paris, in the matter of the Waikiki Land & Loan Associa-
tion. This matter will have no effect upon the new deal in this land but
there will be a settlement between the two parties.

There is an increased inquiry for lots in the suburbs, the amount of land
that might be sold in the districts out by the park being limited only by the
acreage, if the people felt that they would have close by rapid transit. They
know that the line will come near them, but just how near is still their ques-
tion. Meanwhile the determination of the members of the Kaimuki syndicate
to secure the rapid line is all the more pronounced and the fund is growing
by leaps. There promises to be little more to add for a few days, but it will
develop later that the fund of \$40,000 will be in hand not later than the end of
the month. There will be a substantial sum added by the trustees of Gear,
Lansing & Co., as soon as they see that there will not be a falling down of
the scheme.

There is now on foot a plan for the building of a pleasure resort at the
end of the Rapid Transit line. The land recently passed into the possession
of Mrs. Buffandeau, but it is understood that it will be sold very soon and
that a restaurant and dancing pavilion will be erected upon it.

There is considerable building in the Kalihi district and the outlook is for
more in the line of small residences.

The rates of loans are the same and there seems to be an increased de-
mand for small sums of money.

YES OR NO?

Honolulu People Are Respect-
fully Asked to Answer
These Questions.

Is there anything in the evidence of
one's senses?

Is there anything in the testimony of
one's friends?

Can reliance be placed upon state-
ments from people we know?

Are the opinions of local citizens of
any greater moment than those of
strangers?

Would you sooner believe people liv-
ing in some far-away place than resi-
dents of your own city?

We think not! for home proof can
easily be investigated.

Mr. W. J. Maxwell of this town, Tru-
ant officer, writes thus: "I suffered
with a horrible pain in the small of
my back (an almost invariable symp-
tom of kidney trouble) for a number of
years. I was advised to take some of
Doan's Backache Kidney Pills, and fol-
lowing the suggestion, I went to the
Hollister Drug Co.'s store, Fort street,
and got some of these. Having taken
them, they relieved me straight away,
and are, I may say, the best and in fact
the only cure for backache. I have
mentioned the virtue of this wonderful
remedy to several persons, among
whom is my friend, Mr. Frank Metcalf,
who found relief, and he is now a firm
believer in Doan's Backache Kidney
Pills."

Doan's Backache Kidney Pills are
sold by all chemists and storekeepers
at 50 cents per box, six boxes \$2.50, or
will be mailed on receipt of price by
the Hollister Drug Co., Honolulu,
wholesale agents for the Hawaiian
Islands.
